SEPT/OCT 2017

Wright-Patt 2017 STEM Diversity and Inclusion Event -- An Eye Opener For Local Students

Approximately 75 students, parents and chaperones from 12 schools and colleges surrounding the base participated in Wright-Patterson's 2017 STEM - Diversity and Inclusion event held 29 Sep at the base's Religious Education Facility.

The event's planning team, comprised of base and community education partners, pulled out all stops to ensure that 7-12th grade students, and some from local colleges, learned about Wright-Patterson's mission and how to navigate websites that could help with future employment and career opportunities. Students from public school districts, private schools, and some who are being home schooled received tips to help them prepare for college and future job interviews.

Continued on next page...

Shown in photos are students learning about the importance of diversity in the workforce and everyday life process, a drone presentation and recycling activities here on base.

Continued...*Wright-Patt 2017 STEM Diversity and Inclusion Event --*

Rebecca Westlake, vice director of 88 Air Base Wing provided opening remarks, telling students how important Wright-Patterson Air Force Base is to the Miami Valley region. In addition to sharing that Wright-Patt is the largest single-site employer in the state of Ohio, she explained this base is one of the largest and most diverse bases in the Air Force. Ms Westlake encouraged the students to ask questions and do their best to learn from the subject matter experts on hand for the event. She concluded her remarks by talking about upcoming 100th anniversary celebration of McCook Field, where many early aviation innovations were developed.

Wright-Patt organizations that participated in the event included: Civilian Personnel's Human Resources Section; Education and Training; Airman and Family Readiness Center; School Liaison Officer; 88th Air Base Wing Communications Group; Air Force Life Cycle Management Center; Air Force Research Laboratory; National Air and Space Intelligence Center; Air Force Institute of Technology; and U.S. Air Force ROTC.

Community Education Partners from Dayton Montgomery County's Youth Career Services (Youth Works) also talked to the students about skills they would need as they prepare to enter today's workforce. In addition to visiting exhibits showcasing Wright-Patterson's diverse mission, tour guides from the Air Force Civil Engineering Center escorted students to base environmental sites (Groundwater Treatment Facility, Granulated Activated Charcoal Units, and the Recycling Center) to show how STEM learning has been converted to real-world applications. Students also were treated to a drone display and Military Working Dog demonstration.

At the conclusion of the event, base Chaplain (Col) Ted Wilson addressed the topic of "Diversity" and why it's important to talk about differences and inclusion in our society. Using the phrase "NO PAIN, NO GAIN" he encouraged the students to start analyzing their inner thoughts and feelings, and to begin ridding themselves of negative thoughts and behaviors. He emphasized diversity in the workforce is to be embraced and negative energy is detrimental to a healthy and positive lifestyle.

Participating students were from the following school districts:

Beavercreek, Mad River, Fairborn, Dayton Regional Stem Center, Vandalia Butler, Dayton Early College Academy, Springfield Emmanuel, Springfield City, Carroll High School, Miami Valley Academics, Sinclair Community College and Wright State University

Wright-Patt and Community Partners Support "Day for Kids" Event

Wright-Patt's Youth Programs once again hosted a "Day for Kids" on September 15 at the Prairies School Age Facility. About 75 children and teens enjoyed fruit smoothies and snack items from local restaurants, while being entertained by members of the base's Torch and Keystone Clubs, Youth Sports, Air Force Teen Council members and representatives from other base and community organizations. The "Day for Kids" was established by the Boys and Girls Clubs of America because, unlike a number of other countries, America does not have an official day to celebrate its children. Created as a day to foster relationships between adults and children, employees from base Civil Engineering, 711th Human Performance Wing, Public Health, Greene County Public Library and Wright State University's Dance Club engaged in meaningful activities geared to help children develop a positive self-image. Youth participants enjoyed age-appropriate games, and other safe and enjoyable activities.

Wright-Patt Hosts Safety Day for Kids

McGruff, the base's Crime Dog posed with school-aged children on 13 Oct during the Safety Fair held at the Prairies Before and After School Age Facility. Family Child Care Coordinator Trina Pauley served as one of the key organizers of the event, and said the fair is held this time of year to help children and parents prepare for the upcoming Halloween season, and also to remind them of important safety tips that help year-round. Personnel from Wright-Patt's Fire Department, Family Advocacy, Security Forces and School Liaison Officer were on hand to provide information about safety at home, school and during weather emergencies. Air Force Teen Council members also were on hand to help the children understand concepts relating to safety.

Mad River 2017 STEM Night

Shown in photo l-r is Nicole Wagstrom, Military Family Life Counselor assigned to Mad River Local School District, Wright-Patt's Exceptional Family Member Coordinator, Tavonne Bridges, and School Liaison Officer Andrea Attaway-Young who spoke to parents and students during STEM Night held 17 Oct at Walter E. Stebbins High School. School MFLCs work to help parents find resolution concerning non-medical problem identification and other counseling services. Ms Bridges informed parents about programs/resources to assist children with special needs and Wright-Patt's School Liaison Officer shared information about the Interstate Compact on Educational Opportunities for Military Children, as this legislation helps parents during school transitions and deployment scenarios. Volunteers from the base's Educational Outreach/(STARBASE) conducted STEM demonstrations, and other community partners were on hand to provide information about resources and services available for school-aged children.

Air Force Airman & Family Readiness Center EFMP brings you LRP Publications' *Special Ed Connection*[®] and DirectSTEP[®] eLearning courses **FREE** of charge!

Special Ed Connection[®] (www.specialedconnection.com) provides resources and tools that Air Force Staff and parents can use to gain a clear understanding of special education requirements and services and how they work. From legal rights to practical application and from student referrals to IEPs, **Special Ed Connection**[®] explains specific procedures and provides real-world application strategies so parents can learn the complexities surrounding special education supports and services.

Contact your local Airman & Family Readiness Center EFMP-FS Coordinator for access!

DirectSTEP[®] eCourses explain legal requirements and best practices for behavior management, autism, IDEA eligibility, IEPs and more. They also teach parents and educators how to handle critical education issues to obtain positive outcomes while applying education laws to the day-to-day world of teaching and learning. These eCourses are available for use by all Air Force staff, parents, Military/DoD personnel assigned to Air Force installations and K-12 educators serving military children.

With each eCourse you will:

- ▶ Receive the highest quality training developed by respected special education experts.
- ▶ Learn at your own pace for the greatest possible comprehension and retention.
- ▶ Take courses based on individual training needs and interests.
- ▶ Engage in learning through quizzes and activities.
- ▶ Learn how to make decisions that are educationally and legally sound.
- ▶ Receive a certificate of completion.

Go to <http://usafemp.ds.lrp.com> and self-register for your eCourses. For each eCourse you take you will need a key code which can be found by contacting your local Airman & Family Readiness Center EFMP-FS Coordinator.

2017-18 School Year

WPAFB Educational Outreach Volunteer Opportunities

The WPAFB Educational Outreach Office was established in 1999 to spark student excitement and enthusiasm in **Science, Technology, Engineering, Mathematics,** and aviation in hopes they pursue STEM-related studies and career paths.

Over the past 18 years, WPAFB personnel have had a direct impact on over 546,000 local K-12 students through programs that range from classroom visits and one-on-one job mentoring to tutoring young students on reading fundamentals.

Recognizing the need to inspire students toward science and technology, the WPAFB EO Office has

been leading the way for many years. To date, over \$29.5 million in free educational programs have been provided. In addition, WPAFB volunteers donate over 7,900 volunteer hours each month to support educational outreach!

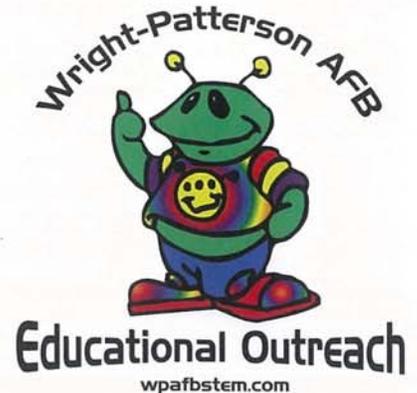

Local classroom teachers have come to rely on the many free services our office and educational partners offer. Today we celebrate *Bright Horizons 2.0*—the Air Force initiative promoting STEM education. Will you please consider joining us as we pave the way for local students to experience brighter Horizons?

How do I become an EO volunteer?

Listed below are a variety of programs coordinated by the WPAFB Educational Outreach Office. Time commitments for volunteers vary, depending on the task. Some commitments are just a few hours. Won't you consider joining us? Being a volunteer is fun, rewarding, and a great way to get involved in your community!

To volunteer or ask questions, contact the coordinator/POC listed for each program. Additional information is available at the WPAFB Educational Outreach Office website.

WIZARDS OF WRIGHT (W.O.WI) - WPAFB Educational Outreach Office	
<p>What is Needed:</p> 	<p>WIZARDS for our Wizards of Wright (W.O.WI) Program - If you like motivating students in a classroom, this program is for you. WOW! volunteers take a variety of STEM related demos out to local schools for 45-60 minute hands-on programs. No experience necessary, but an interest in science, technology, engineering, or math is a plus!!! There are 25 different demos currently available with new ones on the way...if you have a hobby or an idea for a lesson maybe WOW! can put it to work. With over 500+ completed school visits last year alone- WOW! welcomes NEW wizards!</p>
When:	On-going
Grade Level:	All K-12 grades, but most with elementary/middle school students
Location:	Local area
Time Requirement:	Varied. Demos scheduled at your convenience.
Training Requirement:	Subject matter training (as needed), conducted by the Educational Outreach Office Staff or experienced "Wizards"
How to Apply:	WPAFB Educational Outreach Office Email afri.wsc@us.af.mil or phone 937-656-2273

STARBASE Wright-Patt	
<p>What is Needed:</p> 	<p>STARBASE provides local students a variety of exciting, hands-on learning experiences designed to increase interest in and knowledge of math, science and technology as part of this nationwide Department of Defense program. We are looking for speakers to share information about their careers in Science, Technology, Engineering, or Math.</p>
When:	August-June
Grade Level:	5 th grade
Location:	STARBASE Wright-Patt
Time Requirement:	Flexible, based on your availability
Training Requirement:	None
How to Apply:	Contact: Jason Streiff, WPAFB Educational Outreach Office Email: jasonstarbase@gmail.com or phone 937-656-8678

STARBASE 2.0	
<p>What is Needed:</p> 	<p>STARBASE 2.0 combines STEM activities with a relationship-rich, school-based environment to provide the missing link for youth making the transition from elementary to middle school. It extends the positive impact of STARBASE through a team mentoring approach which solidifies students' attachment to and engagement with school. Volunteers are needed as small group mentors.</p>
When:	October–April (after-school) NO MENTORS NEEDED AT THIS TIME
Grade Level:	6 th grade
Location:	Spinning Hills Middle School, Mad River Township Schools
Time Requirement:	Every other Wednesday, twice a month 4:00pm - 6:00pm
Training Requirement:	Some Pre-Activity Prep and Mentor Training There will be a new approach this year, with activities being mentor-run. All information for activities and projects will be given to you.
How to Apply:	Contact: Jennifer Elifritz, WPAFB Educational Outreach Office Email: jenstarbase@gmail.com or phone 937-713-3159

WPAFB Educational Outreach

ROBOTICS – FIRST LEGO League Jr.	
What is Needed: 	Individuals Interested in Student Robotics! WPAFB is the coordinating body for the State of Ohio for <i>FIRST</i> (For Inspiration and Recognition of Science and Technology) LEGO League Jr., an international educational program for 6-10 year-olds to explore basic engineering concepts while exploring real world themes (www.firstinspires.org). Needed are reviewers, escorts, and more.
When:	Nov-April
Grade Level:	K – 4th grades (ages 6-10)
Location:	Statewide
Time Requirement:	Variable. We'll work with you on whatever time you can volunteer!
Training Requirement:	We will train you for these events based on your volunteer position.
How to Apply:	Contact: Kim Stultz at Kimberly.Stultz.ctr@us.af.mil to volunteer. For information about the <i>FIRST</i> LEGO League Jr. Program, please contact Kelli at Kelli.Dubendorfer.ctr@us.af.mil or 937-938-4864.

ROBOTICS– FIRST LEGO League - Includes Ohio Championship Tournament	
What is Needed: 	Individuals interested in Student Robotics and STEM Competitions! WPAFB is the coordinating body for Ohio for the <i>FIRST</i> (For Inspiration and Recognition of Science and Technology) LEGO League, an international educational program for 9-14 year-olds to learn basic robotics using LEGO Mindstorm robots (www.firstinspires.org), solve real-world problems based on an annual theme, and develop teamwork skills, presentation skills, and more. Coaches and mentors are needed for teams. Needed for statewide competitions are judges, referees, pit crews, scorekeepers, set-up and tear-down crews, team escorts, and more. The <i>FIRST</i> LEGO League Ohio Championship will be held at the Ervin J. Nutter Center Feb 3-4, 2018.
When:	Nov-Dec 2017 Regional Events Jan 2018 District Events Feb 2018 Ohio Championship
Grade Level:	4th – 8th grades (ages 9-14)
Location:	Statewide
Time Requirement:	Some training needed for specific volunteer roles. Training/meetings required to participate in the 2018 Ohio Championship. We'll work with you on whatever time you can volunteer!
Training Requirement:	We will train you for these events based on your volunteer position.
How to Apply:	Contact: Kim Stultz at Kimberly.Stultz.ctr@us.af.mil to volunteer. For information about the <i>FIRST</i> Lego League Program, please contact Brenda Ronnebaum at Brenda.Ronnebaum.ctr@us.af.mil or 937-938-4862.

ROBOTICS – FIRST Robotics Competition	
What is Needed: 	Individuals interested in Student Robotics Building and Competition! WPAFB is a coordinating body for Ohio for the <i>FIRST</i> (For Inspirations and Recognition of Science and Technology) Robotics Competition. An international education program for grades 9-12, in which students design, build and program a robot as well as promote and provide the business structure to run their 'small business'. Mentors for individual teams are needed in all areas including engineering, programming, finance, and marketing. For the competitions, volunteers are needed for 1-4 days as field reset crews, judges, set up and tear down crews, and more.
When:	Intensive 6-week build season in Jan-Feb, slower competition season Mar-Apr. Relaxed off season May-Dec. Tournament volunteers are needed March 1-3, 2018.
Grade Level:	9 th -12 th grades (ages 14-18)
Location:	Statewide
Time Requirement:	Variable. The teams will take whatever time you can volunteer, on a daily, weekly or monthly schedule. Volunteers for a tournament can help for 1-4 days.
Training Requirement:	As a mentor we take whatever expertise you already have. For a tournament we will train you as needed.
How to Apply:	For more information about teams or volunteering contact: Katie Dunn at Katherine.dunn.1.ctr@us.af.mil or 937-938-4642

WPAFB Educational Outreach

JOB SHADOW DAY - WPAFB Educational Outreach Office	
<p>What is Needed:</p> 	<p>Mentors for WPAFB Job Shadowing Day—Here is a volunteer opportunity that showcases the many WPAFB careers available. Students from the local area will meet at the National Museum of the US Air Force. The students are partnered with their pre-determined host (You!!) who will take them to their job site for a “job shadow” experience before returning to the museum in the afternoon.</p>
When:	October 27, 2017
Grade Level:	High School Juniors and Seniors
Location:	National Museum of the US Air Force and mentor’s job site
Time Requirement:	Approximately 8:30 a.m.–2:30 p.m.
How to Apply:	Contact: Kim Stultz, Kimberly.Stultz_ctr@us.af.mil or phone 937-938-4861 Register: https://www.surveymonkey.com/r/2017fallJS
Other Information:	We would like mentors for approximately 100+ students at this event.

SEMEDS – Scanning Electron Microscope EducatorS	
<p>What is Needed:</p> 	<p>Volunteers to work with the students using the Scanning Electron Microscopes. Students and volunteers experience firsthand what it’s like to use a \$500,000 microscope to explore a wide variety of unique and everyday specimens. SEMEDS is a two-hour after school program for high school and middle school students. Each session can accommodate 18 students and 2 sessions are offered each month.</p>
When:	October-June
Grade Level:	All K-12 grades, mostly middle school
Location:	Area B, Bldg. 653
Time Requirement:	Sessions run from 4:30-6:30 p.m. two times a month, we ask that each volunteer participate twice throughout the school year (October-June).
Training Requirement:	Two hour volunteer training session.
How to Apply:	Contact: Kim Stultz, WPAFB Educational Outreach Office Email: Kimberly.Stultz_ctr@us.af.mil or phone 937-938-4861

WPAFB Educational Outreach

READ ACROSS AMERICA - WPAFB Educational Outreach Office	
<p>What is Needed:</p>  <p>www.nea.org/readacross</p>	<p>Escorts and Readers for Annual "Read Across America" Event Hosted by the National Museum of the US Air Force</p> <p>If you like to work with elementary school children, then this opportunity is for you!! "Read Across America" is an annual reading event celebrating the birthday of Dr. Seuss. Reading stations will be set-up throughout the museum and volunteers will read aviation related and Dr. Seuss stories to local elementary school children as their escorts help them rotate through the reading stations. Approximately 500 students are expected at the 2 day event.</p> <ul style="list-style-type: none"> -Escorts will stay with each school group and make sure they get to the next station in a timely manner! -Readers will take turns reading selected stories to school groups as they rotate through the museum.
When:	March 1 and 2
Grade Level:	2 nd & 3 rd graders
Location:	National Museum of the US Air Force
Time Requirement:	READERS: Approximately 2 ½ hours, with student groups from 9:30-11:45 a.m. ESCORTS: Approximately 3 ½ hours. Escorts stay with their group the entire morning. All volunteers must arrive approximately 20 minutes earlier than shift start for placement.
Training Requirement:	None
How to Apply:	Contact: Kathy Emrick, WPAFB Educational Outreach Office Email: Katherine.Emrick.ctr@us.af.mil or phone 937-938-4860

ACADEMIC TUTORS AND MENTORS – WPAFB Educational Outreach Office	
<p>What is Needed:</p> 	<p>WPAFB often receives requests from local schools for academic tutors to assist students in basic and advanced skills in mathematics, science, language arts, foreign languages, etc. Volunteer tutors are needed to fulfill these requests.</p> <p>WPAFB also provides volunteers for a variety of area school mentoring programs. Opportunities are available to assist local students with various STEM activities such as Science Fair projects, Science Olympiad coaching, etc. Mentors coordinate their schedule with the requesting school according to their availability.</p>
When:	On-going
Grade Level:	K-12
Location:	Local area
Time Requirement:	Variable. Arrangements made directly with student's school and can be scheduled at your convenience
Training Requirement:	Possible orientation or other training at certain schools
How to Apply:	Contact: Kathy Emrick WPAFB Educational Outreach Office, Email: Katherine.Emrick.ctr@us.af.mil or phone 937-938-4860

WPAFB Educational Outreach

SCIENCE FAIRS - WPAFB Educational Outreach Office	
What is Needed: 	Judges and Volunteers for Local/Regional/ State Science Fairs
When:	October—May
Grade Level:	All grades
Location:	Local schools
Time Requirement:	One-time event, typically 2-3 hours
Training Requirement:	For judging, short written instructions plus a quick briefing are typically given at schools prior to judging. For first time judges, no worries, schools team you with experienced judges.
How to Apply:	Contact: Kim Stultz, WPAFB Educational Outreach Office Email: Kimberly.Stultz.ctr@us.af.mil or phone 937-938-4861

CLASSROOM SPEAKERS - WPAFB Educational Outreach Office	
What is Needed: 	Volunteers who are willing to be Classroom Speakers and share their expertise, job information or an area of interest with local students in a variety of settings, to include school career days, classroom presentations, and lunchtime presentations at local schools, our DoD STARBASE facility in the Prairies Community Center, etc.
When:	On-going
Grade Level:	All K-12 grades
Location:	Local area
Time Requirement:	Flexible, based on your availability
Training Requirement:	None
How to Apply:	Contact: Kathy Emrick WPAFB Educational Outreach Office Email: katherine.emrick.ctr@us.af.mil or phone 937-938-4860

LEGACY - WPAFB Educational Outreach Office	
What is Needed: 	Mentors in all areas of STEM research to give high school students real-world, hands-on experience in a professional environment. Camp volunteers to lead hands-on demonstrations and share how they relate to real-world applications.
When:	Summer 2018
Grade Level:	Mentors: 10-12th grade; Camp volunteers: 6-10th grade
Location:	Mentors: YOUR workplace; Camp: STARBASE facility/WBI
Time Requirement:	Mentors: Flexible 6-8 weeks; Camp: Flexible 1-2 hour time slots
Training Requirement:	Training can be available for mentors. Mentors will need to submit a task plan for student projects.
How to Apply:	Contact: AF LEGACY team Email: AFRL.EN.Legacy@us.af.mil
