## THE IMPACT OF YOUR SUPPORT

These are just a few examples of Annual Fund support impact in the last year!

### Underwater Studies

A saltwater fish tank at OHS facilitates the study and care of saltwater habitats for science students.

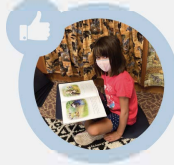

### Stretch & Move

Yoga mats for Lange School students provide a yoga and stretching program for Oakwood's youngest learners.

### Flexible Seating

Flexible seating options increase student learning and focus at Smith School.

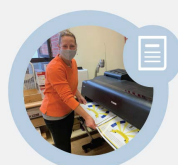

### Hands-On Science

Interactive science instruction from the Boonshoft Museum and Glen Helen Raptor Center enables students at Smith Elementary hands-on study of motion, energy and animal habitats and characteristics.

### Air Quality

Responding to an urgent need, 150 air purifiers were installed in classrooms throughout the district.

### Let's Print

A large format poster printer at OJH and OHS will give students the ability to create well-rounded portfolios and large format designs found in engineering and architectural workplaces.

## MAKING A LASTING IMPACT ON THE LIVES OF OUR YOUTH

Each spring, the Oakwood Schools Foundation awards more than \$20,000 in scholarships to graduating seniors. With the increasing cost of higher education, these scholarships mean more than ever to student recipients.
